Thanks - can you add the following budget in:

PVS:
Digital tool - £55K all inclusive
Display £25K all inclusive

We need to add a caveat saying that the cost of the tool can be committed up to the value of £30K to the end of January - we don't want to commit any costs on the display until after the legislation is laid. So the total value of the work will be £80K - but we would ask for an initial CE, PO of £30K to cover costs up until end of Jan.

Please can you add in and let me know if you have any questions.

Thanks

Can you send me the revised digital brief. (with the Wales taken out)

Thanks

Hi, are you happy with this Wales-only brief?

<\\ECS_DATA1\xdrive\Elections and Referendums\UK Referendums - AV\Campaigns\Briefs\Wales-display ads.doc>

Iredia will work on the UK one over the next two days while I am away so we can get that to May by her Friday deadline.

Many thanks

Chrys

Hi Chrys,

I've had a look through the digital brief, comments below.

<file://\\ECS_DATA1\xdrive\Elections and Referendums\UK Referendums - AV\Campaigns\Briefs\COI-digital-combined-brief-v1_rccomments.doc>

Overall, I think it's a good basis - having spoken with Clinton - what I think we need to do at this stage if separate out the 'Wales requirements' today and get this over to COI as this is pressing. The digital tools can then go tomorrow

once I have the budget sorted. I think the brief as it stands as one across both Wales and PVS and tools is a little hard to understand - lets just separate Wales as it's a discrete part they need to work on now for launch.

The Wales brief can be 2/3 sides of A4 - could you therefore separate these out today and send over to me to have a final look at. If we can put Wales budget for display at at 40K (all inclusive) at this stage and see what Glue come back with. Can you also ask May to set up a briefing meeting with Glue for v early next week.

Thanks

Rob
