Dear Ms Wildig

Boundary Review of the Isle of Wight council

As a local resident of Sandown and as a member of Sandown Town Council I wish to protest in the strongest terms to the proposal by the Isle of Wight Council to include part of Bembridge in the Sandown North Electoral Division. The two communities are quite distinct and have no commonality of interests.

Whilst the Isle of Wight Council is obsessed with numerical equality, the proposal totally fails the test of community identity and convenient local government.

Yours sincerely
