Conversation: OBJECTION TO PROPOSED REVIEW OF ELECTORAL BOUNDARIES IN WEST SUSSEX
Subject: OBJECTION TO PROPOSED REVIEW OF ELECTORAL BOUNDARIES IN WEST SUSSEX

Dear Sir/Madam,

I write with reference to the proposed review of electoral boundaries within West Sussex and the suggestion that Ashington be 'split out' of its current jurisdiction and coupled within the Billingshurst/Shingley Division.

We moved to Ashington from Surrey 9 years ago and were drawn by the fact that we were able to live within a medium sized village and utilise the facilities and community services offered by Storrington. We have two children who have been raised the vast majority of their lives within the village and use dentists, doctors, libraries, sports facilities and clubs within Storrington. Our eldest son attended Rydon Community College and we have formed a strong 'sense of identity within the area of Storrington.

I shop in Storrington, get petrol from Storrington and we regularly visit restaurants in Storrington and support its village day. Our pets are registered at the vet's surgery in Storrington. We have membership of the video shop in Storrington !

We would strongly object to our votes being cast for an area that we, as a family, have little or no links with.

Yours faithfully,

Ailsa Tavares (Mrs)
