**Subject:** School pack expenses

Hi Brick

As discussed I've scribbled down a few calculations on the back of a beer mat and the totals are as follows:

	<b>Unit cost</b>	<b>Number despatched</b>	<b>Totals</b>
<b>Packs</b>	173		
<b>badges</b>	0.20	250	50
<b>rossettes</b>	1.70	85	144.5
<b>postage</b>	1.00	173	173
			<b>367.5</b>

The unit cost for badge parts is actually 9p but I've rounded up to include the printing of the designs plus the small amount of time taken to make. I've not included posters as we changed this to a download option for this year. The postage is an average as some packs had more than others and I've not included any printing costs for manifesto's either (most of these were done via email anyway).

If you need anything else, just let me know fella

Regards

Chinnners
