Dear Sirs

ELECTORAL REVIEW OF THE NEW SHROPSHIRE UNITARY AUTHORITY

My Council has carefully considered the information supplied by you and has been informed by South Shropshire District Council of their recommendations for ward boundaries within the existing District

Having thought about this matter Members support the creation of the ward described as SO6 and containing the parishes of Culmington, Diddlebury, Acton Scott, Hope Bowdler, Eaton under Heywood, Rushbury, Munslow, Abdon, Heath, Clee St Margaret, Hopton Cangeford, Stanton Lacy and Stoke St Milborough. This area comprises a collection of very rural parishes and the interests and problems of all of them are broadly similar.

I understand that Shropshire County Council is also supportive of the creation of this ward.

My Council has no observations to make on the other proposals for new wards in the new Unitary Authority.

Yours sincerely

Martin Jones
Clerk
