European Parliamentary election: post-poll feedback and data collection reminder

As set out in [Bulletin 241](#), we would be keen to hear about your experiences of administering the European Parliamentary election in May 2019. This will not only inform our post-election reporting but will also help us to improve how we support you in delivering well-run elections in the future. You can provide your feedback by completing [our survey](#). Please provide any feedback by Friday 28 June 2019.

[Bulletin 241](#) also included links to the [forms](#) and accompanying [guidance](#) for the submission of data relating to the European Parliamentary election. If you haven't already done so, please also return these forms to research@electoralcommission.org.uk by Thursday 27 June 2019.

Electoral registration: guidance update

We have now updated our core guidance for EROs to reflect the specific circumstances of the 2019 canvass and to include reference to the Cabinet Office Canvass Reform Data Test guidance. The full suite of our core guidance is available on [our website](#), with [Part 3](#) containing guidance on managing the canvass.

Canvass reform: Cabinet Office survey

Earlier this month the Cabinet Office issued their first [canvass reform newsletter](#) which included a link to the [second part of their training needs and capability survey](#). This survey aims to help Cabinet Office understand how confident EROs and their teams are in relation to implementing the new elements of the annual canvass process. The information you provide will also help to inform how the Cabinet Office develop their plans for training to support the implementation of canvass reform.
