Canvass reform and franchise changes: plans for developing voter materials

To support the implementation of canvass reform and the changes outlined in the Senedd and Elections (Wales) Bill, we have started work on a project to develop the necessary forms and communications for use with voters.

We have produced a [summary document](#) which sets out the voter materials we will be developing and how we will be taking forward this work. It includes a timeline of the main activities and also highlights how we plan to get input from electoral administrators and electoral management software (EMS) suppliers – as well as from voters - to help ensure the materials are easy for the public to use, straightforward for EROs to administer and compatible with EMS systems.

Should you have any questions, please contact your [local Commission team](#).
