Your Vote Matters: integration of information for voters into the Commission's website

As you may already be aware, our voter information website, Your Vote Matters, now has a new home within electoralcommission.org.uk.

Everything previously available on Your Vote Matters can now be found in the 'I am a voter' section within electoralcommission.org.uk, and the yourvotematters.co.uk web address will automatically redirect people there.

The structure of that section currently matches its predecessor, but in the coming months we'll be updating the content to make it as helpful and clear to voters as possible.

The Electoral Commission site as a whole has been designed to reduce user dependence on drop down menus. This is because these can get very long and confusing, and are also challenging for users with accessibility needs to navigate. We've therefore invested in a powerful search function, which we recommend you use to navigate the site. Using the search will ultimately save time and should help users get to the content they need in the shortest time.

We'd love to hear your feedback on the new 'I am a voter' section of our website, so please [send us your thoughts](#).

Public awareness update: supporting our partners – new toolkit

We have developed a [new toolkit](#) which aims to make it easier to promote voter registration all year round.

It's packed with posters, social media graphics and helpful information about registering to vote. And none of it is election-specific, meaning you can use the resources year-round and when

Thank you for your support

As you know, voting is the cornerstone of people's involvement in democracy. The ballot box is the place where people get to have their say on who represents them at a local or national level, to take decisions and to act on their behalf.

But if people don't register, they can't vote. By continuing to encourage people to register to vote, you are helping us to ensure that everyone who is eligible to vote is able to do so if they so wish.

We know it's not always easy to do this given competing priorities, and we thank you for your continued support.

We want to hear from you

We hope you will find this new toolkit useful and would welcome [your feedback](#).
