Commission

Issue 271 (Wales) – 30 April 2020

## Electoral registration: voter materials

Further to [Bulletin 269](#), we can confirm that we have now published our updated [suite of voter materials](#).

The updated suite includes:

- new canvass communications, including the canvass communication A (CCA), canvass communication B (CCB) and canvass form (CF)
- updated versions of the invitation to register, special category elector forms, and associated envelope and letter templates
- guidance on how you should use the materials

We have also published a series of [questions and answers](#) that address the most common feedback we received when we tested voter materials with the public and consulted with electoral administrators, groups representing their interests and electoral management software suppliers.

Alternative languages and formats of the invitations to register are still on track to be available by mid-May 2020. We will share a link to these in a future Bulletin.

You should, however, continue to use the existing suite of materials for all electoral registration activity until 1 July, and they will remain on our website until that date.
