Electoral registration: update

Publication, access and supply of the electoral register

As you know, EROs are usually required to publish the revised register by 1 December, however as detailed in [Bulletin 289](#) legislation has been passed to enable EROs to delay publication of the revised register until 1 February 2021, should they wish to do so.

You can find guidance on the publication of the revised register in our core guidance on [delivering the annual canvass](#). The publication of the revised register is also covered in our [supplementary guidance](#) containing considerations for the 2020 canvass in light of the coronavirus pandemic.

We have now also updated our resource [summarising who is entitled to receive a copy of the electoral register](#) and you can find more in our core guidance on [access and supply of the register](#).

Core guidance for EROs

Further to the publication of our core guidance on delivering the annual canvass, we have been transitioning the rest of our suite of core guidance for EROs into the new web-based format. This work is now complete and you can find the guidance in its new format [here](#). The canvass guidance will continue to sit separately until this year's canvass is complete, at which point it will be subsumed into the rest of the core guidance, to provide a comprehensive guide to running electoral registration throughout the year.

Our existing [PDF guidance](#) will remain available on the website until the 31 December 2020. Whilst the format and layout of the guidance has changed following consultation with the electoral community, the content of the guidance has not. To help support you in maximising the benefits of the new format we have produced a Q&A document to help answer any queries you may have.

Should you have any queries or require any further assistance with accessing the guidance, please contact your [local Commission team](#).

Management information survey – reminder

Further to our request in [Bulletin 289](#), we are collecting information from all EROs through a [management information survey](#), which will help us to build up a picture of how the canvass is progressing.

Recognising that EROs and their teams have already been asked by Cabinet Office for information on this year's canvass, this survey has been designed to supplement that information rather than duplicate anything you have already provided.

The deadline for completing the survey is **Friday 16 October**.

If you have any questions relating to the survey, please contact your [local Commission team](#).
