Dear [redacted],

Our Ref: FOI-069-21

Thank you for your email to the Electoral Commission dated 9 May 2021 and received by the Commission on 10 May 2021.

The Commission aims to respond to requests for information promptly and has done so within the statutory timeframe of twenty working days.

Your request is shown below followed by our response.

I would be grateful if you could send me the formal documentation and any recorded correspondence that relates to the following:

1. The registration and approval of Independent Green Voice: http://search.electoralcommission.org.uk/Registrations/PP293

2. The registration and approval of the updated emblem, your ref: Emblem id 7782

3. The registration and approval of the updated description: "Independent Green Voice - Organic, Local, Democratic."

4. The number, if any, of complaints or enquiries received by the Electoral Commission regarding the Independent Green Voice participation in the most recent Scottish Parliamentary election and the potential for confusion with the Scottish Green Party.

Our response is as follows:

We hold some of the information you have requested.

We do not hold documents relating to the registration of Independent Green Voice as a political party.

Independent Green Voice was registered as a political party in March 2003. While the Commission's current policy is to retain documents relating to the registration of a political party, this has not always been the case.

Please find attached an application submitted by the party on 21 January 2021 to register the description and emblem referred to in your request, and the registration note which sets out that the application was approved.

Up to and including 10 May 2021, we can confirm that the Commission received 236 enquiries covering the details outlined in your request.

We are not able to comply fully with your request for the following reason.

Exemption under section 40(2):

Information is exempt under section 40(2) of the Freedom of Information Act 2000 (FOIA) where release of the information would breach one of the data protection principles in the GDPR. One of the principles states that personal data must be processed fairly and lawfully.

Some of the information contained in the requested information falls within the description of personal data because the information relates directly to an identifiable living individual. Disclosure of this information would breach the first data protection principle, which states the information must be processed fairly and lawfully. Any personal data that is not already in the public domain has been redacted.

Under this provision, we have also redacted the names of Commission staff below Head level. This is because those members of staff have a reasonable expectation that their personal details will not be made public.

The Commission strives to be an open, transparent authority and I trust that this information satisfies your request. In some circumstances we cannot responsibly release requested information, and we ask for your understanding in this regard.

If you are not satisfied with this response, please note that the Commission operates a review procedure, details of which can be found on the Commission website at: https://www.electoralcommission.org.uk/freedom-information/make-a-freedom-information-request.

Please also note that if you have exhausted all internal Commission review procedures and you are still not satisfied you have the right to appeal to the Information Commissioner. Details of this procedure can be found on the ICO website: https://ico.org.uk/.

Yours sincerely

Consideration of the Welsh Language Measure

5. As a public body operating in Wales, we are required to carry out our functions in line with the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards. We are required to treat the Welsh language no less favourably than English in performing our functions in Wales.
6. I have considered these requirements insofar as they relate to our assessment of this registration application, including the application of the statutory tests under Part II of PPERA.
7. To this end, as the party is registered to contest elections in Wales, I have sought Welsh translations of all proposed English identity marks (and vice versa), including text contained in emblems. I have considered those translations and their relevance to each of the relevant statutory tests.

Descriptions

Description 1

Proposed description	Independent Green Voice - Organic, Local, Democratic
Recommendation	**Approve**
Summary reason	Satisfies the requirements of a description under PPERA

10. In making my recommendation I have considered the factors set out in the following paragraphs.
11. As explained above, in considering the requirements of the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards, I have sought a translation for this proposed description: **Llais Gwyrdd Annibynnol – Organig, Lleol, Democrataidd**. I have considered the relevance of the translation to each of the relevant statutory tests.

    d. The record of the translation can be found here.

12. I **am satisfied** that the proposed description amounts to a description under PPERA.

    e. The description contains the party's name in full.

13. The proposed identifier **is not the same** as another identifier on the register.
14. I am of the view that registration of the identifier **is not likely** to result in electors confusing the applicant party with another registered party.

    f. I have not been able to identify another registered identity mark which would be likely to cause confusion with the proposed description expressed either in English or in Welsh.

15. The proposed identifier **is not more** than six words.
16. The proposed identifier, in my view, **is not** obscene or offensive.
17. The proposed identifier, in my view, if published is **not likely** amount to the commission of an offence.
18. The proposed identifier, in my view, is **not likely**, were it to appear on a ballot paper, to result in an elector being misled as to the effect of their vote.
19. The proposed identifier, in my view, is **not likely**, were it to appear on a ballot paper, to contradict, or hinder an elector's understanding of, any directions for their guidance in voting.
20. The proposed identifier **does not** include any script other than Roman Script.
21. The proposed identifier **does** include a word or expression prohibited by order made by the Secretary of State.

g. The word Independent must be qualified by words besides the words "Official" or "Unofficial", the registered identity mark belonging to another party, or the word "Party".

h. The use of the word is permissible.

Emblems

Emblem 1

Proposed emblem	 
Recommendation	**Approve**
Summary reason	Satisfies the requirements of an emblem under PPERA

22. In making my recommendation I have considered the factors set out in the following paragraphs.

23. As explained above, in considering the requirements of the Welsh Language (Wales) Measure 2011 and the Welsh Language Standards, I have sought a translation for the text contained in this proposed emblem: **Llais Gwyrdd Annibynnol**. I have considered the relevance of the translation to each of the relevant statutory tests.

    i. The record of the translation can be found here.

24. I **am satisfied** that the proposed identity mark amounts to an emblem under PPERA.

    j. The proposed identity mark **does** primarily comprise a pictorial or symbolic element.

25. The proposed emblem **does meet** the text size requirement set out in the Commission's guidance and is therefore likely to mislead a voter as to the effect of their vote.

26. The proposed identifier **is not the same** as another identifier on the register.

27. I am of the view that registration of the identifier **is not likely** to result in electors confusing the applicant party with another registered party.

k. Whilst there are several emblems that include images of leaves, the inclusion of the party's name provides a clear point of distinction and would prevent confusion between it and any registered emblem.

i. 

- Act for Cuxton Together

ii. 

- Basingstoke & Deane Independents

iii. 

- Green Party

28. The proposed identifier, in my view, **is not** obscene or offensive.

29. The proposed identifier, in my view, if published is **not likely** amount to the commission of an offence.

30. The proposed identifier, in my view, is **not likely**, were it to appear on a ballot paper, to result in an elector being misled as to the effect of their vote.

31. The proposed identifier, in my view, is **not likely**, were it to appear on a ballot paper, to contradict, or hinder an elector's understanding of, any directions for their guidance in voting.

32. The proposed identifier **does** include a word or expression prohibited by order made by the Secretary of State.

l. The word Independent must be qualified by words besides the words "Official" or "Unofficial", the registered identity mark belonging to another party, or the word "Party".

m. The use of the word is permissible.
