## May 2022 elections: update on party names, descriptions and emblems

[Our guidance for Returning Officers](#) sets out what the legislation provides for in relation to changes to and deletions and additions of party names, descriptions and emblems.

For the May 2022 polls, we have advised on [our website](#) that registration applications received after Friday 21 January 2022 may not be processed in time to take effect for the May 2022 elections. We have also made clear that applications that do not contain the required statutory information submitted before that date are also unlikely to be processed in time.

While we aim to make all updates to the [online registers of political parties](#) by 25 March 2022, there remains the potential that the registers could still be updated after that date.

As we have done previously, we will include regular updates in future Bulletins of changes made to existing party names, descriptions and emblems and of any new parties, up to the close of nominations.

In any case, when receiving nominations, Returning Officers must check that the party name or any description given on a nomination form, as well as the requested emblem, is [registered with us](#) and that the details provided match the registration. To ensure that you are viewing the most up-to-date information, you may need to delete your browser history or refresh the page. If you are unsure how to do this, your IT team should be able to advise you.

Please [contact us](#) if you have any queries about the information contained on the registers.
