Subject: FOI 124/18 - Request for 'permitted participant' applications - Response

Dear [redacted],

Our Ref: FOI 124/18

Thank you for your email to the Electoral Commission dated **30 July 2018.**

The Commission aims to respond to requests for information promptly but regrets that on this occasion we have not done so.

Your request is in bold below followed by our response.

Vote Leave makes the following requests for information pursuant to the Freedom of Information Act 2000.

1. **Copies of all applications received by the Electoral Commission by those seeking 'permitted participant' status in the 2016 EU referendum; and**

2. **Copies of all decisions issued by the Electoral Commission in relation to applications for 'permitted participant' status in the 2016 EU Referendum.**

3. **Please include in your response any related correspondence with applicants and/or any internal communications in relation to the decisions made by the Electoral Commission as to whether to award 'permitted participant' status to any applicant.**

Accordingly, please respond to our [redacted] request of July 30th 2018, within the narrower scope of only that information which relates to permitted participants in relation to the referendum outcome 'Remain a member of the European Union.'

Our response is as follows:

We hold the information you have requested.

Enclosed are notifications documents relating to the 63 bodies who sought 'permitted participant' status in the 2016 EU referendum relating to a “Remain” outcome.

The provision for registering as a permitted participant for the EU Referendum was outlined in the Political Parties the Political Parties, Elections and Referendums Act 2000 (PPERA), as amended by the European Union Referendum Act 2015.

Bodies that wish to register as a permitted participant for a particular referendum are required to submit a notification to the Commission under s106 of PPERA. Prospective participants are

required to make a declaration specifying the referendum which they intended to participate in as well as the outcome for which they intended to campaign. They are also required to provide certain information as part of the notification:

- Notifications submitted by individuals are required to specify that person's full name and home address, and also are needed to be signed by that person.
- Notifications submitted by registered political parties are required to be signed by the party's leader, treasurer, and nominating officer (as well as an additional officer if all three posts were held by the same person).
- Notifications submitted by other bodies (such as registered companies, trade unions, unincorporated associations etc.) are required to specify that organisation's registered headquarters or main office (depending on the type of body that applied), as well as the name of the person responsible for that body's compliance with the financial reporting rules for the referendum.

Where an applicant submitted a notification that satisfied these requirements, we are required to include the details of that notification on a register. Entries for registered individuals do not specify that person's home address.

For the EU Referendum, we accepted notifications via post, email and through our online registration system PEF Online. Generally, the documents we have released comprise:

- the notifications submitted by the participants;
- details of checks made by us that the notification was compliant with the legislative requirements (whether it was open-source research or correspondence consisting of requests for further information from relevant parties);
- the approval record logged on our registration system; and
- the confirmation we sent to participants upon registration.

Where a notification was submitted online, we have produced a copy of the electronic record of the information which was submitted as required by PPERA.

Please note that documents relating to the designation of lead campaigners for the EU referendum do not fall within the scope of this request as this was a separate process to registering as a permitted participant. In any case, the relevant documents are published on our website. This includes application forms and supporting documentation, as well as board minutes and papers concerning the decisions on those applications.

To access the full documents please follow the instructions below to access our secure file share.

You will receive an 'Invitation to Objective Connect Email Notification' (sent to the inbox of [redacted]). This notification will contain a link to enable you to start accessing your information. Please find below details on how to access the specific area we have set up for your documents

1. Click on the link in the email.

2. You will be prompted to set up your username and password. Your username will be your email address, and your password can be whatever you like.

3. With your username and password, enter both details at the login screen and click 'login'.

4. You will now see your personal page, which will show the Share 'FOI 124/18'.

5. By clicking on the name of the share, you will find your documents.

6. You may view any of these documents by selecting the ‘download’ option, and then ‘open’.

7. In addition you may download a copy to your personal computer by selecting the ‘download’ option and then ‘save as’.

This service will be closed 1 month from our response date, this is the 1 December.

Exemption under section 40

You will notice that certain personal details have been redacted from the documents we are releasing. This redaction is necessary because section 40(2) and (3)(a) of the Freedom of Information Act 2000 (FOI) Act provides that personal data, where its disclosure would breach one of the data protection principles, is exempt from disclosure. The first data protection principle states that personal data must be processed fairly and lawfully.

As such, we have not released personal information that would not have been included in each participant’s register entry, or was not already available publicly. This includes details such as email addresses, residential addresses, personal phone numbers, signatures etc. We have also not released the names of individuals whose names were not also included on each participant’s register entry unless that person was also a senior figure such as a company director or party officer.

Applicants who applied to register as individuals were required to be registered on a UK electoral register. As part of our decision-making process, we spoke with local authorities to check whether that person was on the relevant register at that authority. We have redacted the name of each authority as this would provide information about where that person lived.

We also consider that it would be unfair to release the names and personal contact details of junior officials at the Commission, who were not employed in public facing roles and did not act as spokespersons for their employer, as those individuals would have a reasonable expectation that this personal data would not be disclosed to the general public. Other personal data has been withheld as it relates to sensitive personal data of identifiable, living individuals.

I trust that this information satisfies your request.

If you are not satisfied with this response, please note that the Commission operates a review procedure, details of which can be found on the Commission website at: http://www.electoralcommission.org.uk/about-us/freedom-of-information-requests/how-do-I-make-an-foi-request

Please also note that if you have exhausted all internal Commission review procedures and you are still not satisfied you have the right to appeal to the Information Commissioner. Details of this procedure can be found on the ICO website: https://ico.org.uk/

Yours sincerely,

Comments	I have cross-referenced the party register on PEF Online against the details of the form: 1. The party's registered name matches the register 2. The address matches. 3. The Treasurer is named as the responsible person and has signed in Section 5 accordingly. 4. The party has indicated the side they will campaign for. 5. The Leader and Nominating Officer have signed in Section 6. The Treasurer should have also signed here, however she has signed already in Section 5 and indicated her approval, and acceptance of the responsibilities of being the responsible person. 6. They seem to have also inadvertently ticked the "individual" box rather than the "responsible officers" box at the top of Section 6. 7. The treasurer is not acting as responsible person for another participant.

Dear Ms Johnston,

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the European Union.

I write to confirm that the Scottish Green Party have been added to the register of permitted participants at the referendum. Your date of registration is 7 June 2016 when all required information was received. I enclose a copy of your entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If the Scottish Green Party does not follow these rules, you as the responsible person and the Scottish Green Party may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

I would also like to draw your attention to the *Code of Conduct for Campaigners*, which is available to download from our website on this page: http://www.electoralcommission.org.uk/find-information-by-subject/electoral-fraud/code-of-conduct-for-campaigners. The Code sets out what is, and is not, considered acceptable behaviour at polling stations and in the community during the lead-up to polling day. It has been developed in consultation with political parties, Returning Officers and police forces, and applies to all campaigners at elections and referendums in Great Britain, including permitted participants who have registered for the EU referendum.

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums.

Dear Ms Johnston,

We yesterday received the application for the Scottish Green Party to register as a participant at the EU Referendum.

Unfortunately, there are a couple of errors in the final page of the form that will need to be revised before we can finalise this:

- You have correctly signed Section 5 as the responsible person (for political parties the Treasurer is automatically the responsible person). However, you should also sign Section 6 as one of the party officers, along with the Leader and Nominating Officer.

- In the declaration box at the top of Section 6, the cross is in the box for an individual, rather than “we are the responsible officers of a political party”.

I’ve attached a scan of the page, highlighting what you will need to change.

If you can resubmit the form, correcting these errors, then we can process your application accordingly. Happy to discuss or clarify anything before you resubmit if that would be helpful.

Kind regards,

Hello,

Further to previous conversations, I am just writing to remind you that the Scottish Green Party's application to be a campaigner at the EU Referendum is still pending. We were awaiting some signatures to be sent to us, which we do not yet seem to have received.

We will need to cancel your application, and you will need to start your application again, if we do not receive these by 31 March.

Please don't hesitate to contact us if we can be of any assistance.

Dear Ms Cosgrove

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 15 April 2016.

I write to confirm that the Social Democratic & Labour Party has been added to the register of permitted participants at the referendum. Your date of registration is 15 April 2016. I enclose a copy of the Social Democratic & Labour Party's entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If the Social Democratic & Labour Party does not follow these rules both the Social Democratic & Labour Party and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners: http://www.electoralcommission.org.uk/__data/assets/pdf_file/0005/194621/Working-together-for-EU-referendum-campaigners.pdf

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums . You can also contact us on one of the phone numbers or email addresses below. We are here to help, so please get in touch.

Dear [redacted]

Here is the missing page, attached as a scan.

I'm not sure what happened there, we distinctly remember filling that page in.

Could you let me know whether this page is OK?

Emran Mian is both the director of the SMF and also, given that we do not have a Secretary, the equivalent person with "overall responsibility for the administrative affairs" of the organisation.

Best wishes

Subject: Your application to register as a referendum campaigner

Dear Mr Mian,

Thank you for submitting an application to register as a referendum campaigner, which we received by post yesterday.

Unfortunately, there seems to be a page missing, and we don't have a copy of Section 6 of the form, which is the section for the authorising signatory. At the moment, therefore, this is not valid and I can't process this.

For a charitable incorporated organisation this section must be signed by the Secretary. Or, if you don't have a Secretary, the equivalent person with "overall responsibility for the administrative affairs" of the organisation.

The form is here. If you can arrange for Section 6 to be completed and sent over (either by post or scanned/emailed), I can attach this to the rest of the document I already have and take this forward for you.

Don't hesitate to contact me if you have any queries.

Kind regards,

Comments	I have reviewed Companies House records and confirm that Stronger United Ltd is a UK registered company. They are yet to file returns or accounts, but web searches indicate that the company is engaged in organising a string of events and campaign activities around the UK throughout 2016 suggesting it is actively carrying on business. Please see attached screenshots as evidence of this. All required details have been provided as part of the application. The name, address and company number given on the application match Companies House records, and the campaigner has nominated a responsible person and indicated which outcome they are campaigning for. See attached screenshots and application form. The application has been signed/authorised by the company secretary as required. Please see attached Companies House records/application form The nominated responsible person does not act as the responsible person for another referendum campaigner. See attached PEF Online register search for confirmation The application provided all required information by 1 Feb 2016*, and the PEF Online registration date has been set appropriately to reflect this.

Comments	For confirming evidence of the below see uploaded document for screenshots, as well as the original application form: I have reviewed the Companies House register and confirmed The In Campaign Ltd is an active company. It has not yet submitted accounts, however the attached web searches show it to be active and carrying out business in the UK. All required details have been provided as part of the application. The name, address and company number given on the application match companies house records, and the campaigner has nominated a responsible person and indicated which outcome they are campaigning for. See attached screenshots and application form The application has been signed by the relevant person as required. Please see attached companies house records/application form The nominated responsible person does not act as the responsible person for another referendum campaigner. See attached PEF Online register search for confirmation The application provided all required information of 1 Feb 2016, and the PEF Online registration date has been set appropriately to reflect this.

Mr D. Hammersley
European Movement in Scotland
2 Walker Street
Edinburgh

12 April 2016

Reference: **4088**

Dear Mr Hammersley

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 11 April 2016.

I write to confirm that European Movement in Scotland has been added to the register of permitted participants at the referendum. Your date of registration is 11 April 2016. I enclose a copy of European Movement in Scotland's entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If European Movement in Scotland does not follow these rules both European Movement in Scotland and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes

donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners: http://www.electoralcommission.org.uk/__data/assets/pdf_file/0005/194621/Working-together-for-EU-referendum-campaigners.pdf

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums . You can also contact us on one of the phone numbers or email addresses below. We are here to help, so please get in touch.

The Electoral Commission

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

I'd also like to draw your attention to the *Code of Conduct for Campaigners*, which is available to download from our website on this page: http://www.electoralcommission.org.uk/find-information-by-subject/electoral-fraud/code-of-conduct-for-campaigners. The Code sets out what is, and is not, considered acceptable behaviour at polling stations and in the community during the lead-up to polling day. It has been developed in consultation with political parties, Returning Officers and police forces, and applies to all campaigners at elections and referendums in Great Britain, including permitted participants who have registered for the EU referendum.

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums.

Dear Ms O'Grady

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 4 May 2016.

I write to confirm that Trades Union Congress (TUC) has been added to the register of permitted participants at the referendum. Your date of registration is 4 May 2016. I enclose a copy of Trades Union Congress (TUC)'s entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If Trades Union Congress (TUC) does not follow these rules both Trades Union Congress (TUC) and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes

donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners: http://www.electoralcommission.org.uk/__data/assets/pdf_file/0005/194621/Working-together-for-EU-referendum-campaigners.pdf

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums . You can also contact us on one of the phone numbers or email addresses below. We are here to help, so please get in touch.

Comments	1. I have checked Companies House, the Certification Officer etc to ensure they would not be better registered as another type of entity. In particular, note they are not eligible to register as a trade union, because they appear on a separate schedule of unlisted trade unions, and not the Certification Officer's list as required by PPERA. 2. A web search reveals they carry out activities wholly or mainly in the UK. They have at least two members. 3. Their address is a UK address, and the address given in the application matches their website. 4. They have indicated which outcome they support. 5. They have named a responsible person who has signed the declaration. They are not serving as responsible person for another participant. 6. The form was appropriately authorised by the General Secretary. 7. All necessary information was received on 4 May 2016, and I have set the date of registration accordingly.

Subject: TUC registration as a campaigner

Dear [redacted]
Thank you for sending this.
To confirm, you are now registered with effect from 4 May 2016. I will be writing formally to Ms O'Grady as the responsible person shortly, and as requested I will copy in you and your colleagues.
We can confirm that we currently have no reason to doubt you acted in good faith although it remains the case that you breached the spending limit while unregistered. This could and should have been avoided by confirming registration prior to spending over £10,000.
This spending must be properly reported in your referendum campaign spending return. Provided this happens and we remain satisfied that you acted in good faith, given that you are now registered I can confirm that we will not pursue any enforcement action in respect of this matter.
Further, I should remind you that your first pre poll report will be due on 19 May 2016 and should cover all donations received and loans entered into over £7,500 from 1 February until 12 May.
We would be happy to arrange another meeting with you and colleagues to discuss your campaign plans, or any element of the rules on which you might welcome further clarification. I've copied in Vicky Fox, our Head of Guidance, so do "reply all" if you would like to take this up.
Kind regards,

Hello [redacted]
Many thanks for your help on the phone earlier.
Please find attached our re-registration documentation.

Please note that no communication should be sent to Ms O'Grady without it also being copied to me ([redacted], [redacted] and [redacted]). There is no space to write this on the form, but as you can imagine Ms O'Grady is very busy and the Electoral Commission might not receive a timely response without ensuring that we know about the communication.

Please can you confirm:

- That we are now correctly registered
- That the Electoral Commission recognises that we believed in good faith that we were registered during the period 15 April-4 May, and took action on this basis

Many thanks again.

best wishes,

STRONGER & SAFER IN EUROPE

"We are united in our belief that the UK is stronger, safer and better off as a member of the EU."
British Indian Parliamentarians

ABOUT US

The "British Indians for IN" is a cross-party group campaigning for Britain to remain a member of the European Union. We believe that the UK is stronger, safer and better off as a member of the EU.

The campaign has been launched with the backing of 15 British Indian Parliamentarians, including representatives from the Conservatives, Labour, Liberal Democrats and Crossbench Members of the House of Lords.

The Parliamentarians supporting the campaign have signed an open letter making clear that the UK's membership of the EU "helps to enhance and strengthen the UK's partnership with countries like India" and that the estimated 1.2 million British Indians eligible to vote on the 23rd June "could prove to be decisive" in determining the outcome of the referendum."

In the lead up to the referendum on 23 June the 'British Indians for IN' campaign is co-ordinating its efforts together with businesses and community organisations, to help secure a decisive vote to remain in the EU.

Dear Mr Hannett

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 23 April 2016.

I write to confirm that the Union of Shop, Distributive and Allied Workers has been added to the register of permitted participants at the referendum. Your date of registration is 23 April 2016. I enclose a copy of the Union of Shop, Distributive and Allied Workers's entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If the Union of Shop, Distributive and Allied Workers does not follow these rules both the Union of Shop, Distributive and Allied Workers and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes

donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners: http://www.electoralcommission.org.uk/__data/assets/pdf_file/0005/194621/Working-together-for-EU-referendum-campaigners.pdf

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums . You can also contact us on one of the phone numbers or email addresses below. We are here to help, so please get in touch.

Dear Mr Walker,

Thank you for your application to register USDAW with us as a referendum campaigner.

I note that you signed the form as the Central Treasurer of USDAW.

I would be grateful if you could confirm by return email whether you have overall responsibility for the administrative affairs of USDAW and that you are signing in a similar capacity to that of a secretary.

Please let me know if you have any questions.

Dear [redacted]

Thank you for clarifying the situation.

An application made by a trade union to register as a referendum campaigner must be signed by the General Secretary of the Union. I believe that in this case the General Secretary of USDAW is Mr John Hannett.

Please could you complete a new Application to register as a Campaigner (EUR1) and return it to us either via email or post. Please could you ensure that the General Secretary signs in the appropriate place in Section 6 of the application.

If you have any further questions, or require any further clarification please do not hesitate to contact me at [redacted] or on [redacted]

Dear Ms Snape

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 13 April 2016.

I write to confirm that Union – The Public Service Union has been added to the register of permitted participants at the referendum. Your date of registration is 13 April 2016. I enclose a copy of Union – The Public Service Union's entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If Unison – The Public Service Union does not follow these rules both Unison – The Public Service Union and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners: http://www.electoralcommission.org.uk/__data/assets/pdf_file/0005/194621/Working-together-for-EU-referendum-campaigners.pdf

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums . You can also contact us on one of the phone numbers or email addresses below. We are here to help, so please get in touch.

Comments	1. I have checked the records of the Charity Commission for England and Wales and the website of Universities UK. The charity registration number present on both websites matches. 2. The charity's registered name and address match those given on the website of the Charity Commission for England and Wales. 3. They have named a responsible person, and it has been duly signed by them. 4. They have nominated an outcome to campaign at the referendum. 5. The form has been signed by both the Deputy Chief Executive and the Deputy Director of Communications of Universities UK. The Deputy Director of Communications has confirmed that the Deputy Chief Executive will have overall administrative responsibility for Universities for Europe. 6. The responsible person is not acting as a responsible person for another participant. 7. All necessary information was received on 12 April 2016, and I have set the registration date accordingly.

Dear Mr Jarvis

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 12 April 2016.

I write to confirm that Universities for Europe has been added to the register of permitted participants at the referendum. Your date of registration is 12 April 2016. I enclose a copy of Universities for Europe's entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If Universities for Europe does not follow these rules both Universities for Europe and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes

donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.

You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners: http://www.electoralcommission.org.uk/__data/assets/pdf_file/0005/194621/Working-together-for-EU-referendum-campaigners.pdf

You can change your registration details, renew your registration, and submit spending and donations returns online. Register to use PEF Online and login at https://pefonline.electoralcommission.org.uk.

You can find more information on how to comply with the rules in our guidance: http://www.electoralcommission.org.uk/i-am-a/party-or-campaigner/campaigners-in-referendums . You can also contact us on one of the phone numbers or email addresses below. We are here to help, so please get in touch.

Dear [redacted] –
Thank you for your email. I am Deputy Director of Communications for Universities UK (the organisation which is running the campaign Universities for Europe).
Alistair Jarvis, the Deputy CEO of UUK who has been designated the responsible officer, will managing much of the administrative affairs but I shall be supporting on this and organising, for example, our returns on expenditure etc. We were not sure whether it was appropriate for the responsible officer to also have the administrative function, hence why I am also included. Let me know if you need further clarification.
Can I also ask if you can send me the link to where the list of registered campaigners is? In hunting this earlier today I couldn't find the appropriate page (although I have seen this before).
If I can be of further assistance my contact details are below.

Dear Mr McCormack

Approval of registration as a registered campaigner

Thank you for your application to register as a registered campaigner at the referendum on the UK's membership of the EU. Your application was received on 3 June 2016.

I write to confirm that Virgin Management Limited has been added to the register of permitted participants at the referendum. Your date of registration is 3 June 2016. I enclose a copy of Virgin Management Limited's entry as it appears on the register. It is important that you notify us immediately if there is any error in these details so they can be amended as soon as possible.

The Political Parties, Elections and Referendums Act 2000, as amended by the EU Referendum Act 2015 imposes a number of requirements on referendum campaigners, in relation to donations and spending on regulated campaign activity and reporting requirements. These rules help to ensure the integrity and transparency of the referendum. If Virgin Management Limited does not follow these rules both Virgin Management Limited and you as the responsible person may be committing a criminal offence.

As an overview, registered campaigners must:

- only accept donations or enter into loans with a value of more than £500 for referendum spending from permissible sources
- follow the rules and limits on campaign spending in the run up to the referendum, and
- must record their donations and spending and report it to us

Registered campaigners must submit pre-poll reports by certain deadline dates, setting out what donations they have received and loans they have entered into on or after 1 February 2016 for referendum campaigning that are over £7,500. This includes

donations received before the campaigner registers. All registered campaigners must report their campaign spending after the referendum.
You may choose to work with other campaigners as part of a coordinated plan or arrangement. There are spending rules that apply if you or a campaigner that you are working with spends money as part of a coordinated plan or arrangement. We call these the "working together" rules. If you work together with other non-lead campaign groups then the combined amount of referendum spending will count towards the spending limits for **each** campaigner involved. When you work together with a designated lead campaigner all the spending counts towards the lead campaign group's spending limit. You need to be very careful that you understand these rules to ensure that you and other campaigners you may choose to work together with do not breach the spending limits. Please familiarise yourself with our guidance document – Working Together for EU Referendum Campaigners:

Thank you for your e-mail. We Are Europe's activities are conducted wholly within the United Kingdom and the members of the association are all British citizens. The campaigning activities will consist primarily of the peer to peer encouragement of millennial voters to vote and otherwise participate in the referendum campaign via the use of social media such as Twitter, Snapchat, Facebook etc. There will website at www.weareeuope.co.uk . From time to time there may be events or media and public appearances by people associated with the campaign.

Please let me know if you need any further information.

Best wishes,

Tom

Dear Mr Burke,

Thank you for your application to register We Are Europe with us as a referendum campaigner.

As part of the registration process we are required to establish whether an unincorporated association conducts activities wholly or mainly in the UK. I would be grateful if you could share a bit more information about your campaigning activities so I can assess your application against the registration criteria, as well as a link to any current website or online presence for We Are Europe.

Do contact me if you have any questions.
