Dear [redacted],

Our Ref: FOI-015-24

Thank you for your email to the Electoral Commission dated 1 February 2024.

The Commission aims to respond to requests for information promptly and has done so within the statutory timeframe of twenty working days.

Your request is shown below followed by our response.

The government now say we need ID to vote due to voter fraud. Can you tell me how many successful prosecutions for voter fraud there have been in the last 10 years?

Our response is as follows:

We hold the information you have requested.

We publish electoral fraud data on our website. Please find data from 2017 to 2022 in this section - Electoral fraud data | Electoral Commission. By clicking on the link for each year, you will find the headline stats for that year and a spreadsheet on each page with all the offences and outcomes listed. Data for 2023 will be published at the end of March this year.

For the years 2013 - 2016, we are releasing spreadsheets detailing the information requested. These are attached.

The Commission strives to be an open, transparent authority and I trust that this information satisfies your request.

If you are not satisfied with this response, please note that the Commission operates a review procedure, details of which can be found on the Commission website at: https://www.electoralcommission.org.uk/freedom-information/make-a-freedom-information-request.

Please also note that if you have exhausted all internal Commission review procedures and you are still not satisfied you have the right to appeal to the Information Commissioner. Details of this procedure can be found on the ICO website: https://ico.org.uk/.

Yours sincerely

Information Officer
