Quarterly report of donations made to a political party: statement of nil report

Explanatory notes on completing form RP10QN

Before completing this form, all parties should read our [donations and loans guidance](#) for comprehensive guidance on the donation controls applicable to political parties.

Registered political parties are required to submit donations and loans reports to the Electoral Commission at the end of each calendar quarter.

Under the Political Parties, Elections and Referendums Act 2000 (PPERA), 'benefit' is used to refer to donations and loans over £500 collectively. Parties must aggregate any donations and loans accepted by or entered into with the same source in a calendar year and report any benefits that meet the reporting threshold.

Parties should submit a statement of nil report if during the relevant calendar quarter they have not received any of the following:

- any donations (including aggregated benefits) of more than £11,180 accepted by the central party
- any donations (including aggregated benefits) of more than £2,230 accepted by a party's accounting unit
- any donations (including aggregated benefits) of more than £2,230 accepted by a party from a source the central party has already accepted a benefit of more than £11,180 from in the same calendar year
- any impermissible or unidentifiable donations received by any section of a party.

In addition, in Quarter 4, parties are required to include details of any aggregate benefits of more than £11,180 made to different sections of the party (also known as 'section 62(12)' donations and 'section 71M(12) loans'). **These benefits are only required to be reported in the Quarter 4 donations and loans reports.**

The report must be submitted within 30 days of the end of the calendar quarter (see below).

Each note corresponds to a numbered section on form RP10QN.
