Subject: FOI 06/16 - Parties Stripped of Political Party Status
Attachments: De-registered parties.pdf

Dear [REDACTED]

Our Ref: FOI 06/16

Thank you for your request under the Freedom of Information Act 2000 dated 9th January 2016.

The Commission aims to respond to requests for information promptly and has done so within the statutory timeframe of twenty working days.

Your request is in bold below followed by our response.

You have requested:

- 1. How many political parties has the Electoral Commission stripped of political party status since it began?**
- 2. Please list all the political parties that have been stripped of political party status by the Electoral Commission.**
- 3. Please give the reason why each party was stripped of political status and the year for each.**

If parts of this request are unanswerable or problematic please provide those parts which are answerable and contact me under your section 16 duty to provide advice and assistance so that I can amend the problematic questions.

I would like to receive the information in a PDF document sent to this email address.

Our response is as follows:

Political parties can be de-registered either voluntarily or statutorily. A party can be voluntarily deregistered if they contact the Commission and request to be removed from the register. A party can be statutorily de-registered for several reasons. This includes failure to submit an annual renewal form and fee as well as instances where required elements of the party's registrations are deemed invalid.

Information on the 774 political parties which have been de-registered since the Electoral Commission has had responsibility for the registers of political parties can be found at the link below.

<http://search.electoralcommission.org.uk/Search/Registrations?currentPage=1&rows=10&sort=RegulatedEntityName&order=asc&open=filter&et=pp&et=ppm&et=tp&et=perpar&et=rd®ister=gb®ister=ni®ister=none®Status=deregistered>

Each individual party record indicates whether the party was voluntarily or statutorily de-registered. The attached PDF lists all the de-registered parties.

We do not hold comprehensive information on the reasons why each individual party was statutorily de-registered.

However, in most cases it is very likely that a failure to pay their annual renewal fee was the reason. Since 2014 we have been reviewing the registers to ensure that all party names, descriptions and emblems comply with the Commission’s current interpretation of the rules set out in the Political Parties, Elections and Referendums Act (PPERA). We do hold records for the 16 parties which were de-registered as a direct result of these reviews and details are included in the table below. The table notes which parties subsequently re-registered – in those cases the party will not appear on the list of de-registered parties in the link above.
